Dear valued Hemisphere GNSS Customer,

This letter confirms to your company that Hemisphere GNSS has discontinued the manufacture of the products listed in the table below and is replacing them with products of same form, fit and function*. In accordance with Hemisphere GNSS' product discontinuation policy, we are hereby giving notice of these product changes so that your company can adjust its product purchasing records.

All extended service agreements currently in place will continue to be honored. For products governed by standard service agreements, Hemisphere GNSS will continue to service these products until the End-of-Repair Date, as long as replacement parts are available. When repairs are not possible, Hemisphere will attempt to offer a functionally-equivalent replacement for purchase. All existing online support materials will remain available and can continue to be referenced by our customers and partners until the End-of-Support Date.

Thank you for your continued business! Please contact your Hemisphere GNSS representative with any questions.
